MONUMENTAL SWINDLER OF THE AGE.

Mrs. Chadwick Broke the Record In Giving Worthless Checks.

OWES OVER A MILLION.

Grandjury Will Investigate
But it is Doubtful if She
Can Be Indicted.

New York, Dec. 11. — From present indications it is extremely unlikely that any attempt will be made to obtain bail for Miss Cassie L. Chadwick, who has been in the Tombs since last Thursday on a charge of aiding bank officials in the embezzlement of \$12,500. She was held un- \$15,000 bail.

According to estimates made in Cleveland by those who are familiar with the estate of Mrs. Chadwick, creditors will receive about one and one-half mill on the dollar. It is believed that her indebtedness aggregates \$1,190,000 and against this stands security of known value on only one note amounting to \$1,800 which is held by Iri Reynolds. The case of Mrs. Chadwick will be brought before the grand jury at Cleveland. The matter of the rival receivership, it is believed, will be adjusted by the resignation of Herbert W. Bell, who was appointed by the Common Pleas Court.

It is the opinion of some of the leading attorneys of Cleveland that a charge of forgery cannot be made to hold in connection with these notes. They declare that it is not an act of forgery for one person to write the name of another, but that the offense in the attempt to negotiate such a signature for a specific value. This, they say, there is so far no evidence that Mrs. Chadwick has done. She has not sold or attempted to sell the notes for cash that have Andrew Carnegie's name to them. She has obtained money from various sources on the statement of Iri Reynolds that she, to the best of his knowledge and belief, held security of certain value, and whether he provided it or otherwise in his estimate of the value of the notes there can be no doubt that Mr. Reynolds believed what he said.

The extent of her operations is now believed to be approximately as follows:

Secured from Citizens' National Bank of Oberlin and various sources in and about Lorain county, \$500,000.

Borrowed from Herbert D. Newton \$190,000.

Borrowed from business man in Pittsburgh \$500,000. Total \$1,190,000.

TOBACCO BILL

Of Interest to Hopkinsville to be Introduced.

Congressman Stanley will introduce a bill requiring that leaf tobacco exported from this country be stemmed here instead of abroad. The reduction of the tax on unstemmed tobacco in England has caused much stemming to be done abroad to the injury of American stemmery. The bill will be in the interest of the stemmery of Owensboro, Henderson and Hopkinsville.

NOT SO WELL.

Mr. Adcock Suffering From Nervous Shock.

Mr. J. C. Adcock, of Church Hill, who was struck by a freight train in the yards here about two weeks ago and considerably bruised, has not recovered from his injuries. Dr. T. W. Blaize, of this city, went out to see him Sunday, but Dr. W. Williams, of Church Hill, is his regular physician. Mr. Adcock is still suffering from the nervous shock.

TEST CASE RESULTS IN \$10 FINE.

Mr. John L. Griffith Given Minimum Fine in Smallpox Case.

TRYED BY A JURY OF SIX.

The Stricken Child Is Now About Well and Danger Is Past.

The trial of Mr. John L. Griffith for failing to obey the orders of the Board of Health and permit his two-year-old child to be taken to the Cedar Grove hospital for smallpox patients, was concluded Friday night and a fine of \$10 was assessed against Mr. Griffith. The city was represented by City Attorney J. T. Hanberry and the defendant by Mr. J. B. Russell.

The jury was made up of the following business men: J. T. Wall, W. T. Cooper, W. S. Harned, John M. Renshaw, Heyward Richards and Oscar Hanberry.

Several law points were raised and argued and the case was argued after several witnesses had testified on both sides. The main fact of failure to comply with the order was not denied.

The jury assessed the lowest penalty, the fine authorized being from \$10 to \$100 a day.

This case was generally regarded as a test case and it is not probable that there will be any further resistance to the orders of the Board of Health.

Saturday was a rainy day and no further steps were taken, except that Health Officer Woodard went in person to see the Griffith child. He found it rapidly convalescing from a very mild case of smallpox.

Yesterday Mr. Griffith agreed to the removal of his child to Cedar Grove hospital. Mrs. Griffith went with it and assurance was given that the little one should have a nurse and every attention that it could receive in its own home. The little patient is rapidly "sealing" and will be well in a week or ten days.

THE SITUATION YESTERDAY.

There has been a steady improvement in the county and city since last report. From Concord hospital 33 were discharged Saturday and Sunday, and fully as many are ready to discharge at Gracey.

The present figures show a big decrease from the 190 under treatment Thursday:

| | | |
|---------------------|---|------|
| In Concord Hospital | — | 78. |
| In Gracey " | — | 52. |
| In Cedar Grove " | — | 8. |
| In Quarantine " | — | 3. |
| Total | — | 139. |

There have been only 4 new cases admitted at Concord, 1 at Cedar Grove and none at Gracey.

Probably half of the remaining patients will be turned out this week. The situation is now well in hand, the scare is over and excitement has subsided. The Board of Health will exercise constant vigilance, and as an extra precaution will still look closely after vaccination in the country schools. The following order has been issued, the object being to have every child vaccinated and not to keep any child out of school.

TO TEACHERS.

You are hereby notified, that if you permit any child to remain in your school who has not had a successful vaccination within the last three years, you will be answerable to the law under Section 2055, Statutes of Kentucky. "Any person who shall fail or refuse after written notice from the Local Board or State Board, to observe or obey the written request, shall be fined not less than \$10 nor more than \$100 for each day he so fails or neglects."

Done by order of the Christian County Board of Health, this the 6th day of Dec. 1904.

FATALLY SCALDED.

Little Son of Rev. Chas. L. Nourse, of New Orleans.

Charles Nourse, a little three-year-old son of Rev. and Mrs. Chas. L. Nourse, of New Orleans, was fatally burned last week and died from his injuries Saturday. The body arrived here yesterday afternoon and was buried in Hopewell Cemetery from the I. C. depot. The little fellow on Monday overturned a kettle of scalding water that was on a gas stove. The contents fell upon him and though medical aid was secured at once, the burns proved fatal five days later. The little boy was a grandson of Rev. W. L. Nourse, of this city, and a nephew of Mr. Thos. J. Baynham, of Kennedy. He was an only child, the idol of his fond parents.

Sunday afternoon the Rev. C. H. Nash performed the ceremony uniting in marriage Mr. J. B. Lahiff and Miss Fannie Reynolds. The event occurred at the home of the bride's parents, on Walnut street, and was witnessed by a limited number of the friends of the young people.

The bride is a daughter of Dr. W. E. Reynolds and is quite popular with a large circle of friends.

The groom is a well known young man of Indian Mound, Tenn., and he also enjoys a wide popularity.

Mr. and Mrs. Lahiff will make their home near Indian Mound.

Medal for Mr. Kennedy

Mr. W. B. Kennedy, the tobacco buyer, who was awarded a silver medal by the St. Louis fair people for his grand display, has received word from the exposition authorities that they are now having molded this medal along with others awarded different people over the country in recognition of the superior merit. When the trophy is completed it will be forwarded to Mr. Kennedy, who should feel proud of walking away with such a trophy, when the high character of similar exhibits is considered. Mr. Kennedy presented his display to the Kentucky club of St. Louis, which has sent him a most appreciative letter of thanks.—Paducah Register.

Southland instead. The Association
will hold a mid-winter meeting in
Louisville on Friday, Jan. 6, and leave the following day for the
South. The L. & N., the Atlantic
Coast Line and the Florida East
Coast Line will carry the party in
special Pullman sleeping cars. The
same cars will be occupied throughout
the trip.

The places to be visited are Mont-
gomery, Jacksonville, St. Augustine,
Palm Beach, Ormonde and Miami.
The party returning will arrive in
Louisville about Sunday morning
January 15th.

The exact schedule for the trip
will be given about December 15th,
when the railroads will have fixed their
winter schedules.

The cost of the trip will be about
thirty-five dollars for each person.
This includes all actual expenses.
The sleeping car rate, which is in-
cluded in the above, is \$12 for each person.

Arrangements have been made for
those who wish to go to Havana.
The Havana party will leave the
main body at Miami and transpor-
tation will be furnished by the Pen-
insula and Occidental Steamship Co.,
on an advertising basis. Your meals
and berth will cost \$16.50 for the
round trip from Miami.

Four days will be spent in Havana.
Hotel rates in Havana are \$3 to \$4 per day.
Those who go to Havana will spend only \$10 for sleeping car
space.

This will make the expense for
going to Cuba about \$90 extra.
If you intend to make the trip
please advise the secretary by Decem-
ber 15, as all arrangements must
be completed by that date.

State whether or not you will go
to Havana. Send a check for \$12
for each person to cover the expense
of sleeping cars. After December
20th \$5 extra will be charged for
those who are delinquent in remitting,
as an extra expense is involved
in making arrangements for those
who delay.

Be sure and remit your annual
dues—\$2 for each paper, and \$12
sleeping car space for each person.

Papers wishing to become mem-

Kentucky Countryman Loses
His Cash in Louisville.

Glasgow, Ky., Dec. 9.—Joe Redford, of near Maywood, while in Louisville last Saturday, was robbed of \$30, all the money he had on his person but \$4, just enough to buy his ticket to Glasgow. Mr. Redford, while on his way to the depot to take a train for home, was approached by a man who asked him where he was from. He told the man Glasgow, and the man seemed pleased to hear that and asked him if he would take some papers to his cousin, Day Dickinson in Glasgow. Mr. Redford told him he would, and then the man asked him to go to a place near by to get them. Redford followed his new acquaintance several blocks. When they had arrived at the place the man closed the door and pulled out a revolver, pointing it at Redford with a command to "shell out." Redford handed the man his pocketbook which contained the \$30. The man opened the wallet and handed Redford back \$4 in change, with the remark that it was enough to carry him home and for him to not lose any time in going, and for him to not mention their meeting to any one. Redford, being an unsuspecting countryman, did not report his trouble to any one, but took the robber's advice and came on home.

"I was much afflicted with sciatica," writes Ed C. Nud, Louisville, "Saw your ad in the paper, 'going about on crutches and suffering a great deal of pain.' I was induced to try Ballard's Snow Liniment, which relieved me. I used three bottles. It is the greatest liniment I ever used; have recommended it to a number of persons; all enjoyed themselves being benefited by it, now walk without crutches, able to perform a great deal of light labor on the farm." 25¢, 50¢ and \$1.00. CUT RARE GEMS IN WATER

German Stone Workers Use Novel Process in Shaping Jewels at Freiburg.

The stone workers of Germany are among the most interesting persons I have ever seen when engaged in cutting their jewels," said A. P. Bankhead, of Memphis, who has traveled extensively in Europe, to a Louisville Courier reporter.

The principal industry is at Freiberg, on the edge of the Black Forest, in which the precious stones are found. The principal jewels are amethyst, lapis lazuli and malachite. They are found in veins which are thin as compared with ordinary mineral deposits, and in the rough are shaped exactly like any other stones that are dug out of the ground.

The process of cutting them is the interesting part of the work. All of them are cut under water, and the jewel cutters lie flat upon their stomachs while at work. A huge water wheel is fitted with the necessary cutting apparatus, and the resting places of the cutters are very much like the pack saddle. They lie on that with their hands under water, holding the stone which is being prepared, and the motion of the wheel does the cutting. The action of the wheel makes the process more rapid and at the same time leaves a better surface than if cut in the air.

"Malachite, which is one of the principal jewels made in this way, is the royal stone of Russia, and is more plentiful there than in Germany. The czar of Russia, when he is greatly pleased with anyone, will send him a vase or a clock of some handsome design of malachite, and wherever they are seen the favor of the czar rests." The stones are only semi-precious, not being in the same category with diamonds, emeralds and rubies, but even a small piece of them is expensive. Malachite is found in New Mexico, in this country, and is even finer than the European minerals. Chrysoprase is another German stone which has recently become quite a fad for pins and buckles."

Succumbs to a Second Stroke of Paralysis.

Mr. Emerson W. Henderson, the well known grocer, died at noon Saturday from a second attack of paralysis, with which he was stricken two hours before while at his place of business.

About a month ago Mr. Henderson suffered a slight stroke, but after an illness of two weeks rallied and several days had been able to walk to his store and was thought to be much improved in health.

He was prostrated about 10 o'clock and was taken to his home a few squares away on South Main street and died soon afterwards.

Mr. Henderson was a native of Christian county and was in the 69th year of his age. In early manhood he moved to Hopkinsville from his country home and began life as a cabinet maker. He accumulated money rapidly and later engaged in the grocery business. In this business he was very successful and became one of the wealthy men of the city.

He leaves a widow and two children. His only son, Mr. Alex. Henderson, has been associated with him in business for a number of years. His daughter is the wife of Mr. Jas. M. Howe, of Nashville. The latter's son, Mr. Walter Howe, is a jeweler with R. C. Hardwick and for several years has lived with his grandfather.

Mr. Henderson was a member of the Christian church and was active and prominent in all his church work. He was liberal in his donations and charitable to the poor. He enjoyed the respect of the people and leaves behind him the example of an upright, exemplary and honorable life.

The funeral services were held at the residence yesterday afternoon, conducted by Eld. H. D. Smith.

Owensboro is having a poultry show this week, the first one in several years. W. C. Pierce, of Indianapolis, is judging the birds.

Good Health to the Children

Children especially are fond of dainties, and the housekeeper must look carefully to their food.

As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised with a pure and perfect baking powder.

Royal Baking Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.

SAOON ROBBED.

Haydon Hern Arrested On a Serious Charge.

Haydon Hern was placed in jail Saturday evening, charged with robbing W. R. Long's saloon of about \$1.50. Long's house was broken open one night last week and the money was taken from the safe. Hern, soon after his arrest, confessed to the crime and \$94 was returned to Mr. Long. Young Hern had been a clerk in the saloon. He is a brother of Mack Hern, who is under indictment for murder, in killing his father, J. J. Hern, in the same saloon on the night of July Fourth last. The brothers are occupying the same prison cell.

The Tryo.

The latest society-paper to be issued is "The Tryo," by the Philanthropic Society, composed of the young ladies of the Public High School. It made its appearance yesterday, in a cover of blue with gold letters, the class colors being blue and gold. It is a six by nine inch pamphlet of twelve pages beautifully printed on antique paper. It is filled with interesting articles by the young ladies and altogether is quite a creditable paper. Miss Virginia Williamson is the editor, Miss Alice Pepper assistant editor, and Miss Hazel Everett business manager. It will appear monthly.

Dear Sir— I have been troubled with my bladder and kidneys for the last 20 years having doctor'd with many different physicians in that time, with no results. The Kiss in Missouri.

A Missouri paper gives this description of a kiss: "To one piece of dark piazza add a little moonlight, take for quantities two people. Press into two strong ones a small soft hand. Sift slightly two ounces of attraction, one of romance, add a large measure of folly, stir in a flattening ruffle and one or two whiskers. Dissolve a dozen glances in a well of silence; dust a small quantity of hesitation, one ounce of resistance, two of yielding, a kiss on a flushed cheek, or two lips flavor with a slight scream and set aside to cool. This will succeed in any climate if directions are fully followed."

Sick Blood

Feed pale girls on Scott's Emulsion.

We do not need to give all the reasons why Scott's Emulsion restores the strength and flesh and color of good health to those who suffer from sick blood.

The fact that it is the best preparation of Cod Liver Oil, rich in nutrition, full of healthy stimulation is a suggestion as to why it does what it does.

Scott's Emulsion presents Cod Liver Oil at its best, fullest in strength, least in taste.

Young women in their "teens" are permanently cured of the peculiar disease of the blood which shows itself in paleness, weakness and nervousness, by regular treatment with Scott's Emulsion.

It is a true blood food and is naturally adapted to the cure of the blood sickness from which so many young women suffer.

We will be glad to send a sample to any sufferer.

Please note that this picture is for the benefit of every bottle of Emulsion you buy.

STROKE'S OF PARALYSIS

Terminated the Life of Mrs. Mollie E. Lowry Friday.

Mrs. Mollie Ellis Lowry was stricken with paralysis Friday morning sometime before the usual hour for rising and was found unconscious in her bed. She never regained consciousness, but lingered throughout the day and died that afternoon at 5:30 o'clock.

She was a daughter of the late Judge Jas. O. Ellis and lived with her mother on South Virginia. She was the widow of the late William A. Lowry, who died Dec. 10, 1895, about three months after their marriage. She leaves one brother, Mr. Jno. G. Ellis, and two sisters—Mrs. L. H. McKee and Miss Jimmy Ellis.

Mrs. Lowry was a consistent member of the Methodist church and was noted for kindness of heart and deeds of charity.

She had been in poor health for several years, but her death was shocking in its suddenness.

The funeral was held Saturday afternoon at the family residence, her pastor, Rev. E. L. Southgate officiating. Eld. H. D. Smith, of the Christian church, assisted. The burial took place immediately afterwards in Hopewell Cemetery. Deceased leaves a handsome estate.
